Market consultation No. 58728

Dear Madam/Sir,

In response to your Call for Market Consultation No. 58728, we hereby confirm our full readiness to supply the complete system for non-destructive testing and maintenance of the heat exchanging tubes of ПГВ-1000М-type steam generators. As a qualified manufacturer we guarantee compliance with all technical, regulatory, and operational requirements outlined in your technical specification. Our total budget encompasses the complete delivery of hardware, software, spare parts, full technical documentation, and primary staff training.

All equipment and related components will be delivered and ready for commissioning no later than 360 calendar days from the date of contract award.

A comprehensive warranty period of 24 months will apply to all delivered equipment and spare parts, starting from the signing date of the Specialised Receiving Inspection Report.

We guarantee software updates to accommodate operating system changes for a minimum of 5 years. Additionally, repair and metrological inspection services for all eddy current and ultrasonic flaw detectors will be provided for at least 5 years.

Training will be conducted in Bulgarian at Kozloduy NPP premises. Detailed training programs will be submitted for your approval 60 days prior to commencement, covering operations, maintenance, servicing, and data analysis for the designated groups (ranging from 2 to 10 specialists per module).

We will deploy a team of 3 certified specialists (in mechanics, electronics, and software) holding valid certifications for ionizing radiation environments. They will provide on-site technical support for 14 calendar days during each annual refuelling outage for 2 consecutive years.

Total indicative price for supply of the complete system for non-destructive testing and maintenance of the heat exchanging tubes of ПГБ-1000М-type steam generators and accompanied services is 9.880.000,- €. We thank you for the opportunity to participate in this market consultation and look forward to a successful cooperation.

Sincerely,

VUJE, a.s.
